SAW THI HA SOE

SENIOR MOBILE DEVELOPER

Bangkok, Thailand | +66 61 771 3052 | sawthihasoe.mobiledev@gmail.com
GitHub: github.com/Thihasoe1 | Portfolio: thihasoe1.github.io/my-portfolio/

PROFESSIONAL SUMMARY

Flutter-focused developer with 4+ years of professional experience across Android, iOS, and web applications in education, finance, real estate, and commerce. Experienced in Flutter/Dart, Riverpod, BLoC, Clean Architecture, Firebase, REST and GraphQL integrations, and production app delivery. Currently developing Flutter Web applications and Node.js APIs, contributing to architecture decisions, code reviews, and CI/CD workflows with GitHub Actions and Firebase Hosting.

TECHNICAL SKILLS

Mobile & Web: Flutter, Dart, Android, iOS, Flutter Web
Architecture & State: Clean Architecture, Riverpod, BLoC, GetX, TDD
Backend & Integration: Node.js, Express.js, REST APIs, GraphQL, Firebase, Firebase Auth
CI/CD & Tools: GitHub Actions, Firebase Hosting, Git/GitHub, Android Studio, Xcode, VS Code
Testing & Data: Unit & integration testing, PostgreSQL, MongoDB, MySQL, SQLite, Supabase
Additional: JavaScript, TypeScript, React.js, HTML, CSS, Tailwind CSS

PROFESSIONAL EXPERIENCE

Kitchen Express | **FullStack Developer** *Mar 2026 – Present*

- Develop Flutter Web applications for internal administration, e-commerce/ordering workflows, and customer-facing experiences.
- Deliver application features and integrate REST APIs; develop backend API functionality using Node.js.
- Use GitHub Actions and Firebase Hosting in CI/CD and web deployment workflows.
- Participate in architecture and technical decisions and review code to support maintainability and feature quality.

StrategyFirst Education Group | **Senior Mobile Developer** *May 2024 – Feb 2026*

- Developed and maintained iOS and Android educational applications reported to have 100K+ combined downloads.
- Integrated Firebase for real-time synchronization, push notifications, and crash reporting.
- Applied test-driven development and Clean Architecture to support reliable, maintainable code.
- Published applications to Google Play and the Apple App Store.

Spectrum Soft Technology (Remote) | **Junior Mobile Developer** *Jul 2023 – Feb 2024*

- Built banking authentication features using Flutter, Firebase Auth, and Navis SDK with role-based access control.
- Improved application load performance by 25% through Riverpod state management and widget optimization (as reported in prior CV).
- Integrated REST APIs with backend teams and reduced UI-related bugs by 20% (as reported in prior CV).

Amicus Realty S Service Center | **Junior Mobile Developer** *Jun 2022 – Jun 2023*

- Built cross-platform real estate applications using Flutter, Dart, and GetX.
- Integrated Google Maps SDK for property markers and GraphQL for application data fetching.
- Collaborated with design and backend teams through agile delivery cycles.

EDUCATION

Bachelor of Computer Science (B.C.Sc) | University of Computer Studies, Hpa-an | 2015 – 2020

LANGUAGES

Myanmar, English
